### RAILRO

Transcontinental Lines, and H

LOS ANGELES AS A RAI The Second City of the Cand Freight Business
of the Railway Line

As Ios Angeles i cisco, on the line of the cific Railroad, the general route; and terminus of the newer and Pacific Railroad, peka and Santa Fé system. No other city on the coat has a guide direct through communication with the East. Beades the transcontinental connec-tions, Les Angeles county has four lo-cal railroads in operation, affording communications with all its sections. There are 200 miles of railroad in the nty. In freight shipments, San county. In freignt snipments, San Francisco is the only city in California which surpasses Los Angeles; and the same is true of passenger business. San Francisco has 250,000 population, and Los Angeles 35,000. Oakland, Marysville, cities of about the size of San Francisco. This is according to official reports of the Southern Pacific

Shicial reports of the Southern Pacific
Rairond.

The lines tributary to Los Angeles
may be noted briefly as follows:

THE SOUTHERN FACTIVE

The Southern Pacific system in
ludes 471.03 miles of rairond, and
1905 miles of steemer lines, a total of
Lamps and fixtures.

Lamps and fixtures. cludes 4711.03 miles of railroad, and 4205 miles of steamer lines, a total of 8916.03 miles. The S. P. R. R proper is i1104.40 miles in length. Its western terminus is on the bay of San Francisco, connecting with the Central Pacific: its easiern terminus at El Pacific: its easiern terminus at El Pacific: its easiern terminus at El Pacific: and the Galveston, Harrisburg and San Atonio railroads for New Orleans. At Demning, N. M., it connects with the mann line of the A. T. A. S. F. R. R. The length of the Southers Pacific in California is 552.25 miles; in Arizona 384 25 miles, and or the Demning of the A. T. The longest arm is the Los Angeles cousty is 121 miles; and of the branches 77.

The longest arm is the Los Angeles cuty, and sone logor. R. R. popularly known as the Santa Ana valley, whose vineyards, or the seaport of Sant Fedro, where connection is made with the Pacific Coast Steamship (Lorvallis, Norwalk, Costa, Analeim, Garden Grove and Santa Ans.

The Witnington branch runs 25 miles due south from Los Angeles to the seaport of Sant Pedro, where connection is made with the Pacific Coast Steamship (Lorvallis, Norwalk, Costa, Analeim, Garden Grove and Santa Ans.

The Witnington branch runs 25 miles due south from Los Angeles to the seaport of Sant Pedro, where connection is made with the Pacific Coast Steamship (Lorvallis, Norwalk, Costa, Analeim, Garden Grove and Santa Ans.

The Witnington branch runs 25 miles due south from Los Angeles to the seaport of Sant Pedro, where connection is made with the Wilmington connection is made with the Wilmington and Long Beach, R. R. soon to be completed for Long Beach, the newest of our seaside resorts. 4205 miles of steamer lines, a total of Stone marble and other

in a da. Besides the increased scalities thus afforded transcontinental travel, this new route opens direct communication with the rich mines of Galico and the Providence district, as well as with the town, mines, grazing and tumer areas of northern Arizons and central New Mexico. The business done during December, via the Colon Pass route, was very heavy.

One of the most important local enterprises of Los Angeles and San Gabriel Valley Railroad, conceived, mapped and built, thus far, by Los Angeles men. It runs from the Downey avenue ordge, this city, in a general northeasterly direction to Passdena, eight miles out; thefer runs saterly along the foothills. Its charter is for thirty miles, and it will end close to the county line near Pomona. Its present terminus is Lamands Park, eleven miles from Los Angeles, whence to discuss the state of the county line near Pomona. Its present terminus is Lamands Park, eleven miles from Los Angeles, whence to discuss the state of the county line near Pomona. Its present terminus is Lamands Park, eleven miles from Los Angeles, whence to discuss the state of the county line near Pomona. Its present terminus is Lamands Park, eleven miles from Los Angeles, whence it connects by stage with the beautiful Sierra Madre Vills. Work began March 16, 1885, and regular trains because under the county line and the line and line a 

fore.

The following official figures of the freight handled by the Southern Pacific Rairroad at this point during Hay the first hen months of 1885, are kindly furnished by L. E. Mosher, General Hay Southern Agent, Freight and Passenger Decartment, Southern Pacific Railroad:
